

Date	Day Number	Activities		
Jan 6/7	1	Meadows or Malls? 55 Meadows, Malls, and Variables 35		
Jan 8/9	2	Heavy Flying 70 Donovan Meets the Beatles A Strategy for Linear Programming (0)		
Jan 13/14	3	Financial Literacy Day 1		
Jan 15/16	4	Financial Literacy Day 2		
Jan 20/21	5	Financial Literacy Day 3		
Jan 22/23	6	Financial Literacy Day 4		
Jan 26/27	7	Ideas for Solving Systems Programming Puzzles 65* (Portfolio) Finding Corners Without the Graph 20		
Jan 28/29	8	Finding Corners Without the Graph Continued 40 What Wood Would Woody Want? Homework: More Equations		
Jan 30/Feb 2	9	Equations, Points, Lines, and Planes 0 Being Determined 15 How Much After How Long? 55 Homework: The Points and the Equations* (Portfolio)		
Feb 3/4	10	The Three-Variable Coordinate System 45 Trying Out Triples 25 More Cookies 10		
Feb 5/6	11	Solving with Systems 10 Cookies, Cookies, Cookies 0 The "More Cookies" Region and Strategy 30 Finishing Off the Cookies 80		
Feb 9/10	12	Equations, Equations, Equations 0 Easy Does It! 30 Get Rid of Those Variables! 30		
Feb 11/12	13	Eliminating More Variables 25 Gardener's Dilemma 40 Elimination in Three Variables 45		
Feb 13/16	14	Equations and More Variables in Programming 0 Ming's New Maneuver 70 Three Variables, Continued 20* (Portfolio)		
Feb 17/18	15	Grind It Out 45 Constraints Without a Context 15 Eastside Westside Story* (Portfolio)		

Feb 19/20	16	Saved by the Matrices! 0 Matrix Basics 5 Inventing an Algebra 40		
Feb 24/25	17	Matrices in the Oven 40 Calculators to the Rescue 30 Homework: Make It Simple* (Portfolio)		
Feb 26/27	18	Back and Forth 55 Matrices and Linear Systems 0 Solving the Simplest 35		
Mar 2/3	19	Things We Take for Granted 35 Finding an Inverse 45 Homework: Inverses and Equations 45* (Portfolio)		
Mar 4/5	20	Calculators Again 55 Homework: Getting Ready for "Meadows or Malls?" 20		
Mar 6/9	21	"Meadows or Malls?" Revisited 70		
Mar 10/11	22	In-Class Assessment 50		
Mar 12/13	23	Revisions at end of quarter
